1. The head of this unit is Major ROSTOVSKI (not ROSOVSKI) who was promoted to Lieutenant Colonel in late February.
2. Through this office, German specialists and scientists sometimes came to Germany for a short time to get special material and documents which they require for their work in the Soviet Union. These German specialists were taken from the Soviet Union to BERLIN-SCHÖNEFELD by air and were met by a member of this office. From there, the Germans visited the various plants, accompanied by Soviet officers of this office. The destinations were usually Thuringia and Saxony. During their time in Germany they were under close supervision by the Soviets. In early March, the German Professor POSE arrived by air at the Soviet Office; on 9 March 1949 Professor POSE made a trip to Thuringia with two Soviet officers of the office.
